

Sutton Agricultural Society

'Sutton Fair Ambassador' Bursary Program

Nomination Form

Attn: Teachers, Employers, Youth leaders

This year the Sutton Fair Ambassador program is being updated. The goal of updating the program is to bring more attention to community building and the leadership experience that this program has to offer. It can teach young leaders of our community, responsibility, volunteerism, leadership, pride of place, and provide an opportunity to work with the leaders of The Town of Georgina and other leaders within the community. It offers a chance to meet other young people from other Fairs and Ambassador Programs from all over Ontario, and the opportunity to gain new friendships, as well as learning the skill of networking. It will also offer a bursary to the winning contestant to put towards post secondary education at the successful completion of their term.

This is an opportunity for you to recognize potential leaders within your school, community, and workplace. You know the young people who would be a good fit for this responsibility and who are looking to move forward onto post secondary education. By nominating a young person who will be 18 years of age by Aug 1, 2023, you will be bringing forth an active member of our community to our attention. They are by no means, obligated to participate in the program; however, as previously stated this is an opportunity to recognize those who could be successful representatives of our community.

Please take the time to fill out the form below*, or contact Emma Somerville at 905 251-7144 or email emma.h.somerville@gmail.com for more information.
